## Steps for installation:-

1. Go to the playstore or Twitter website.
2. After installation,open the Twitter app.
3. Click on the "Sign up" button.
4. Enter your name, phone number or email, and date of birth.
5. Choose a username that is unique and represents you.
6. Create a strong password.
7. Click on the "Sign up" button.
8. Then complete your profile setup, including adding a profile picture and bio.

Purpose of using Twitter:-

The purpose of Twitter is to provide a platform for real-time communication, where users can share and discover what's happening in the world, express themselves, connect with others, and engage in conversations on various topics, news, and interests through short messages called tweets.
